Food Services product Guide Website & Admin

“Tell your team they are doing a FANTASTIC job!”

Leading Multinational Conglomerate Corporation

“We have worked continually with Congruent since October 2007. Congruent management and ownership have always been committed to open communication and innovative solutions. They have had incredible patience with my staff as we have fumbled our way through a complex project.”

Leading Manufacturer of Glass Bending & Tempering Equipment

“I have had the pleasure of working with the Congruent Team for the better part of 8 years now. They have a very deep understanding of Dynamics – SL and .NET technologies. The coding they provide is both professional and well documented. The team goes to great lengths to fully understand our requirements asking questions and offering suggestions that in the end provide a better solution. If a mistake is made or there is a misunderstanding they work diligently to correct the issue as quickly as possible. They will adjust their hours to suit our support needs regardless of the time or duration needed. All in all I’m very satisfied with their work and would highly recommend them”

America's Leading Health Insurance Company

“I am pleased with the work the team is doing. They have really engaged, and I appreciate that they make every effort to really understand the need, and ensure that it is built out to support our business requirements.”

An Industrial Biotechnology Company

“We currently use Microsoft Dynamics services from Congruent for projects and operations. Their people are very knowledgeable, easy to work with and customer service orientated even to small clients. I highly recommend them for GP related work”

American Regulatory Agency

“Congruent has been highly responsive to our needs, and they have been constant professionals in helping us manage the project. We have been especially pleased with their ability to manage scope issues quickly and effectively, ...

We are also working with an offshore team, and they have done an outstanding job of making sure language barriers do not lead to any misunderstandings. Communication has been remarkably clear, considering the circumstances”

A Leading Computer Consulting Company

“Their team of consultants is highly innovative and gives value to our ideas. I would recommend them for their UI design services.”
